8VAC40-31-10. Definitions.

The following words and terms when used in this chapter shall have the following meanings unless the context clearly indicates otherwise:

"Academic credit" means the measure of the total time commitment an average student is expected to devote to learning per week of study. Generally, one unit of credit represents a total of three hours per week of in-class and out-of-class work (Carnegie Unit of Credit). In this context, an hour is defined as 50 minutes. Emerging delivery methodologies may necessitate determining a unit of undergraduate or graduate credit with nontime-based methods. These courses shall use demonstration of competency, demonstration of proficiency, or fulfillment of learning outcomes to ensure these courses are equivalent to traditionally delivered courses.

"Academic-vocational" means a noncollege degree school that offers degree and nondegree credit courses at a site in Virginia or via telecommunications equipment located in Virginia.

"Accreditation" means a process of external quality review used by higher education to scrutinize colleges, universities and educational programs for quality assurance and quality improvement. This term applies to those accrediting organizations recognized by the United States Department of Education.

"Adjunct faculty" means professional staff members of businesses, industries and other agencies and organizations who are appointed by institutions and schools on a part-time basis to carry out instructional, research or public service functions.

"Administrative capability" means a branch (i) maintains or has access to all records and accounts; (ii) has an administrator; (iii) offers courses that consist of a large number of unit subjects that comprise a program of education or a set curriculum large enough to allow pursuit on a continuing basis; and (iv) provides student services, including but not limited to financial aid, admissions, career placement assistance, or registration.

"Agent" means a person who is employed by any institution of higher education or noncollege degree school, whether such institution or school is located within or outside this Commonwealth, to act as an agent, solicitor, procurer, broker or independent contractor to procure students or enrollees for

any such institution or school by solicitation in any form at any place in this Commonwealth other than the office or principal location of such institution or school.

"Avocational" means instructional programs that are not intended to prepare students for employment but are intended solely for recreation, enjoyment, personal interest, or as a hobby or courses or programs that prepare individuals to teach such pursuits.

"Branch" means an additional location, operated by a school with an approved existing site. A branch campus must have administrative capability exclusive of the main campus and adequate resources to ensure that the objectives of its programs can be met.

"Career-technical school" means a school that does not offer courses for degree credit at a site in Virginia or via telecommunication equipment located in Virginia; same as academic-vocational school.

"Certificate" means the credential awarded by a school upon the successful completion of a program that consists of one or more technical courses, usually completed in less than 26 weeks, normally with a single skill objective.

"Certification" means the process of securing authorization to operate a private or out-of-state postsecondary school or institution of higher education and/or degree, certificate, or diploma program in the Commonwealth of Virginia.

"Change of ownership" means the change in power within a school. Change of ownership may include, but is not limited to, the following situations: (i) sale of the school; (ii) merger of two or more schools if one of the schools is nonexempt; or (iii) change from profit to nonprofit or collective.

"CIP code" means the six-digit number assigned to each discipline specialty in the Classification of Instructional Programs (CIP) taxonomy maintained by the National Center for Education Statistics.

"Clock (or contact) hour" means a minimum of 50 minutes of supervised or directed instruction and appropriate breaks.

"College" means any institution of higher education that offers degree programs.

"Conditional certification" means a status that may be granted by the council to a school certified to operate in Virginia to allow time for the correction of major deficiencies or weaknesses identified in the school's administration that are of such magnitude that, if not corrected, may result in the suspension or revocation of the school's certificate to operate. During a period of conditional certification, a school may not enroll new students or confer any degrees, diplomas, or certificates.

"Council" means the State Council of Higher Education for Virginia.

"Course for degree credit" means a single course whose credits are applicable to the requirements for earning a degree, diploma, or certificate.

"Course registration materials" means any official documents provided to students for the purpose of formal enrollment into the school, a specific program, or a certain course.

"Credit" means (i) the quantitative measurement assigned to a course generally stated in semester hours, quarter hours, or clock hours or (ii) the recognition awarded upon successful completion of coursework.

"Credit hour" means a unit by which a school may measure its coursework. The number of credit hours assigned to a traditionally delivered course is usually defined by a combination of the number of hours per week in class, the number of hours per week in a laboratory, and/or the number of hours devoted to externship multiplied by the number of hours in the term. One unit of credit is usually equivalent to, at a minimum, one hour of classroom study and outside preparation, two hours of laboratory experience, or three hours of internship or practicum, or a combination of the three multiplied by the number of weeks in the term. Emerging delivery methodologies may necessitate determining a unit of undergraduate or graduate credit with nontime-based methods. These courses shall use demonstration of competency, demonstration of proficiency, or fulfillment of learning outcomes to ensure these courses are equivalent to traditionally delivered courses.

"Degree" means any earned award at the associate, baccalaureate, master's, first professional, or doctoral level that represents satisfactory completion of the requirements of a program or course of study or instruction beyond the secondary school level and includes certificates and specialist degrees when such awards represent a level of educational attainment above that of the associate degree level.

operate in Virginia.

"Full-time faculty" means a person whose: (i) employment is based upon an official contract, appointment, or agreement with a school; (ii) principal employment is with that school; and (iii) major assignments are in teaching and research. "In-state institution" means an institution of higher education that is formed, chartered or established within Virginia. An out-of-state institution shall be deemed an in-state institution for the purposes of certification as a degree-granting institution if (i) the institution has no instructional campus in the jurisdiction in which it was formed, chartered, established, or incorporated and (ii) the institution produces clear and convincing evidence that its main or principal campus is located in Virginia.

"Institution of higher education" or "institution" means any person, firm, corporation, association, agency, institute, trust, or other entity of any nature whatsoever offering education beyond the secondary school level that has received certification from the council and either: (i) offers courses or programs of study or instruction that lead to, or that may reasonably be understood to be applicable to, a degree; (ii) operates a facility as a college or university or other entity of whatever kind that offers degrees or other indicia of level of educational attainment beyond the secondary school level; (iii) uses the term "college" or "university," or words of like meaning, in its name or in any manner in connection with its academic affairs or business; or (iv) offers approved courses of degree credit or programs of study leading to a degree or offers degrees either at a site in Virginia or via telecommunications equipment located within Virginia.

"Postsecondary education" means the provision of formal instructional programs with a curriculum designed primarily for students who have completed the requirements for a high school diploma or equivalent or who are beyond the age of compulsory high school attendance. "Postsecondary school" or "school" means any entity offering formal instructional programs with a curriculum designed primarily for students who have completed the requirements for a high school diploma or its equivalent or who are beyond the age of compulsory high school attendance, and for which tuition or a fee is charged. Such schools include programs of academic, career-technical, and continuing professional education, and exclude avocational and adult basic education programs. "Private postsecondary career school" means any for-profit or nonprofit postsecondary career entity maintaining a physical presence in Virginia providing education or training for tuition or a fee that (i) augments a person's occupational skills; (ii) provides a certification; or (iii) fulfills a training or education requirement in one's employment, career, trade, profession, or occupation. "Provisional certification" means a preliminary approval status granted by the council to a new school applicant that has demonstrated substantial compliance with the provisions of this chapter pursuant to § 23-276 of the Code of Virginia. Such a status may include any conditions imposed by the council to ensure compliance with the provisions of this chapter. The provisionally certified school must demonstrate compliance with all conditions within one calendar year of the initial grant of provisional certification.

"Surety instrument" means a surety bond or a clean irrevocable letter of credit issued by a surety company or banking institution authorized to transact business in Virginia adequate to provide refunds to students for the unearned non-Title IV portion of tuition and fees for any given semester, quarter or term and to cover the administrative cost associated with filing a claim against the instrument.

"Teach-out agreement" means the process whereby a closed or closing school undertakes to fulfill its educational and contractual obligations to currently enrolled students.

Such schools have programs of instruction offering a sequence of courses that are directly related to the preparation of individuals for paid or unpaid employment in current or emerging occupations requiring other than a baccalaureate or advanced degree. Vocational education shall not include instructional programs intended solely for recreation, enjoyment, personal interest, or as a hobby, or courses or programs that prepare individuals to teach such pursuits.

D. Without prior certification, no person or other entity subject to the provisions of this chapter shall use in any manner within the Commonwealth of Virginia the term "college" or "university" or abbreviations or words of similar meaning in its name or in any manner in connection with its academic affairs or business or in any literature, catalog, pamphlet, or descriptive materials.

For only as long as the provisions of Item 158 D of Chapter 912 of the 1996 Acts of Assembly shall be in effect, this subsection shall not apply to an individual proprietorship, association, co-partnership or corporation that uses the words "college" or "university" in its training programs solely for its employees or customers, that does not offer degree-granting programs, and whose name includes the word "college" or "university" in a context from which it is clear that such entity is not an educational school.

E. The council may refuse to certify school names and terms that have the potential to mislead the general public about the school's affiliation or association with any state-supported institution of higher education in Virginia. Terms such as, but not limited to, "public university," "public college," or "community college" may be protected from use by private institutions of higher education.

8VAC40-31-30. Advertisements, announcements, and other promotional materials.

E. Each school requesting religious exemption must apply on forms provided by and in a manner prescribed by the council.

F. The council, on its own motion, may initiate formal or informal inquiries to confirm that this chapter is not applicable to a religious school if the council has reason to believe that the school may be in violation of the provisions of this section.

this section on the basis that its primary purpose is to provide religious training or theological education shall be entitled to a rebuttable presumption of the truth of that claim.

2. It shall be the council's responsibility to show that a school is not exempt under subsections A and B of this section.

3. The council assumes no jurisdiction or right to regulate religious beliefs under this chapter.

G. A school whose claim for exemption under subsections A and B of this section is denied by the council shall have the opportunity to appeal the council's action in accordance with 8VAC40-31-70.

Such degree must state on its face that it is honorary in nature.

3. Any nursing education program offered by a school to the extent that the program is regulated by the Virginia Board of Nursing.

C. Notwithstanding the exemptions provided in this section, a school may seek certification for an otherwise exempt activity or program.

8VAC40-31-70. Denial of exemption; appeal of action.

B. If authorization to grant or confer academic or professional degrees is revoked for an institution otherwise exempt from the requirements of certification, pursuant to § 23-276.4 C of the Code of Virginia, the institution will be subject to the provisions of certification in place at the time of the revocation.

8VAC40-31-120. Certification required for new and existing postsecondary schools.

A. Unless otherwise exempted from these regulations, all instructional offerings of a new or existing postsecondary school in Virginia are subject to this chapter, even when the credit awarded for those offerings may be transferred to a location outside Virginia.

B. A new postsecondary school must become certified to operate prior to engaging in activities related to postsecondary education via telecommunications activity, mail correspondence courses, or at a location within the Commonwealth.

1. The determination for certification of telecommunications activities or mail correspondence courses may be based upon, but not limited to, physical presence.

2. With the exception of degree programs, academic credit and other courses offered exclusively from outside the Commonwealth of Virginia through individual and private interstate communication, all telecommunications activities and mail correspondence courses are subject to the certification criteria required for all postsecondary schools.

C. Existing postsecondary schools must recertify compliance with certification criteria on an annual basis in order to continue offering postsecondary courses and programs.

D. Postsecondary schools operating branches in Virginia must certify each separately.

E. Noncertified postsecondary schools that seek to establish a postsecondary education consortium, agreement, partnership, or other similar arrangement with an existing certified postsecondary school must meet all requirements for certification as set forth in these regulations and must become certified to operate prior to engaging in postsecondary education activities within the Commonwealth of Virginia.

The council need not apply this presumption if the accreditation standard is deficient in satisfying an identifiable goal of the council. The council shall articulate reasons that the accreditation standard is deficient.

B. The postsecondary school shall have a clear, accurate, and comprehensive written statement, which shall be available to the public upon request. The statement minimally shall include the following items:

3. Documented use of the results of these evaluations to improve the degree and career-technical programs offered by the school.

H. Pursuant to § 23-276.3 B of the Code of Virginia, the school must maintain records that demonstrate it is financially sound; exercises proper management, financial controls and business practices; and can fulfill its commitments for education or training. The school's financial resources should be characterized by stability, which indicates the school is capable of maintaining operational continuity for an extended period of time. The stability indicator that will be used is the USDOE Financial Ratio (composite score).

1. Institutions of higher education shall provide the results of an annual audited, reviewed or compiled financial statement. Career-technical schools shall provide the results of an annual audited, reviewed or compiled financial statement or the school may elect to provide financial information on forms provided by council staff. The financial report shall be prepared in accordance with generally accepted accounting principles (GAAP) currently in effect. The financial report shall cover the most recent annual accounting period completed.

2. The USDOE composite score range is -1.0 to 3.0. Schools with a score of 1.5 to 3.0 meet fully the stability requirement in subsection I of this section; scores between 1.0 and 1.4 meet the minimum expectations; and scores less than 1.0 do not meet the requirement and shall be immediately considered for audit.

I. Pursuant to § 23-276.3 B of the Code of Virginia, the school shall have and maintain a surety instrument issued by a surety company or banking institution authorized to transact business in Virginia that is adequate to provide refunds to students for the unearned non-Title IV portion of tuition and fees for any given semester, quarter or term and to cover the administrative cost associated with the instrument claim. The instrument shall be based on the non-Title IV funds that have been received from students or agencies for which the education has not yet been delivered. This figure shall be indicated in an audited financial statement as a Current (non-Title IV) Tuition Liability. A school certified under this regulation shall be exempt from the surety instrument requirement if it can demonstrate a USDOE composite financial responsibility score of 1.5 or greater on its current financial statement; or if it can demonstrate a composite score between 1.0 and 1.4 on its current financial statement and has scored at least 1.5 on a financial statement in either of the prior two years. The school's eligibility for the surety waiver shall be determined annually, at the time of recertification.

1. Public postsecondary schools originating in a state other than Virginia that are operating a branch campus or instructional site in the Commonwealth of Virginia are exempt from the surety bond requirement.

2. New schools and unaccredited existing schools must complete at least five calendar years of academic instruction and/or certification to qualify for the surety waiver/exemption.

3. Existing schools seeking a waiver of the surety instrument requirement must submit an audited financial statement for the most

recent fiscal year end that reflects the appropriate composite score as indicated in this subsection.

J. The school shall have a current written policy on faculty accessibility that shall be distributed to all students. The school shall ensure that instructional faculty are accessible to students for academic or course advising at stated times outside a course's regularly scheduled class hours at each branch and throughout the period during which the course is offered.

K. All recruitment personnel must provide prospective students with current and accurate information on the school through the use of written and electronic materials and in oral admissions interviews:

1. The school shall be responsible and liable for the acts of its admissions personnel.
2. No school, agent, or admissions personnel shall knowingly make any statement or representation that is false, inaccurate or misleading regarding the school.

L. All programs offered via telecommunications or distance education must be comparable in content, faculty, and resources to those offered in residence, and must include regular student-faculty interaction by computer, telephone, mail, or face-to-face meetings. Telecommunication programs and courses shall adhere to the following minimum standards:

1. The educational objectives for each program or course shall be clearly defined, simply stated, and of such a nature that they can be achieved through telecommunications.
2. Instructional materials and technology methods must be appropriate to meet the stated objectives of the program or course. The school must consider and implement basic online navigation of any course or program, an information exchange privacy and safety policy, a notice of minimum technology specification for students and faculty, proper system monitoring, and technology infrastructure capabilities sufficient to meet the demands of the programs being offered.
3. The school shall provide faculty and student training and support services specifically related to telecommunication activities.
4. The school shall provide for methods for timely interaction between students and faculty.
5. The school shall develop standards that ensure that accepted students have sufficient background, knowledge, and technical skills to successfully undertake a telecommunications program.

M. The school shall maintain and ensure that students have access to a library with a collection, staff, services, equipment and facilities that are adequate and appropriate for the purpose and enrollment of the school. Library resources shall be current, well distributed among fields in which the institution offers instructions, cataloged, logically organized, and readily located. The school shall maintain a continuous plan for library resource development and support,

including objectives and selections of materials. Current and formal written agreements with other libraries or with other entities may be used. Institutions offering graduate work shall provide access to library resources that include basic reference and bibliographic works and major journals in each discipline in which the graduate program is offered. Career-technical schools shall provide adequate and appropriate resources for completion of course work.

N. In accordance with § 23-276.3 B of the Code of Virginia, the school shall establish a tuition refund policy and communicate it to students. Each school shall establish, disclose, and utilize a system of tuition and fee charges for each program of instruction. These charges shall be applied uniformly to all similarly circumstanced students. This requirement does not apply to group tuition rates to business firms, industry, or governmental agencies that are documented by written agreements between the school and the respective organization.

1. The school shall adopt a minimum refund policy relative to the refund of tuition, fees, and other charges. All fees and payments, with the exception of the nonrefundable fee described in subdivision 2 of this subsection, remitted to the school by a prospective student shall be refunded if the student is not admitted, does not enroll in the school, does not begin the program or course, withdraws prior to the start of the program, or is dismissed prior to the start of the program.

2. A school may require the payment of a reasonable nonrefundable initial fee, not to exceed \$100, to cover expenses in connection with processing a student's enrollment, provided it retains a signed statement in which the parties acknowledge their understanding that the fee is nonrefundable. No other nonrefundable fees shall be allowed prior to enrollment.

3. The school shall provide a period of at least three business days, excluding weekends and holidays, during which a student applicant may cancel his enrollment without financial obligation other than the nonrefundable fee described in subdivision 2 of this subsection.

4. Following the period described in subdivision 3 of this subsection, a student applicant (one who has applied for admission to a school) may cancel, by written notice, his enrollment at any time prior to the first class day of the session for which application was made. When cancellation is requested under these circumstances, the school is required to refund all tuition paid by the student, less a maximum tuition fee of 15% of the stated costs of the course or program or \$100, whichever is less. A student applicant will be considered a student as of the first day of classes.

5. The date of the institution's determination that the student withdrew should be no later than 14 calendar days after the student's last date of attendance as determined by the institution from its attendance records. The institution is not required to administratively withdraw a student who has been absent for 14 calendar days. However, after 14 calendar days,

the institution is expected to have determined whether the student intends to return to classes or to withdraw. In addition, if the student is eventually determined to have withdrawn, the end of the 14-day period begins the timeframe for calculating the refunds. In the event that a written notice is submitted, the effective date of termination shall be the date of the written notice. The school may require that written notice be transmitted via registered or certified mail, or by electronic transmission provided that such a stipulation is contained in the written enrollment contract. The school is required to submit refunds to individuals who have terminated their status as students within 45 days after receipt of a written request or the date the student last attended classes whichever is sooner. An institution that provides the majority of its program offerings through distance learning shall have a plan for student termination, which shall be provided to council staff for review with its annual or recertification application.

6. In the case of a prolonged illness or accident, death in the family, or other special circumstances that make attendance impossible or impractical, a leave of absence may be granted to the student if requested in writing by the student or designee. No monetary charges or accumulated absences may be assessed to the student during a leave of absence. A school need not treat a leave of absence as a withdrawal if it is an approved leave of absence. A leave of absence is an approved leave of absence if:

- a. The school has a formal, published policy regarding leaves of absence;
- b. The student followed the institution's policy in requesting the leave of absence and submits a signed, dated request with the reasons for the leave of absence;
- c. The school determines that there is a reasonable expectation that the student will return to the school;
- d. The school approved the student's request in accordance with the published policy;
- e. The school does not impose additional charges to the student as a result of the leave of absence;
- f. The leave of absence does not exceed 180 days in any 12-month period; and
- g. Upon the student's return from the leave of absence, the student is permitted to complete the coursework he began prior to the leave of absence.

7. If a student does not resume attendance at the institution on or before the end of an approved leave of absence, the institution must treat the student as a withdrawal and the date that the leave of absence was approved should be considered the last date of attendance for refund

purposes.

8. The minimum refund policy for a school that financially obligates the student for a quarter, semester, trimester or other period not exceeding 4-1/2 calendar months shall be as follows:

a. For schools that utilize an add/drop period, a student who withdraws during the add/drop period shall be entitled to 100% refund for the period.

b. For unaccredited schools and schools that do not utilize an add/drop period:

(1) A student who enters school but withdraws during the first 1/4 (25%) of the period is entitled to receive as a refund a minimum of 50% of the stated cost of the course or program for the period.

(2) A student who enters a school but withdraws after completing 1/4 (25%), but less than 1/2 (50%) of the period is entitled to receive as a refund a minimum of 25% of the stated cost of the course or program for the period.

(3) A student who withdraws after completing 1/2 (50%), or more than 1/2 (50%), of the period is not entitled to a refund.

9. The minimum refund policy for a school that financially obligates the student for the entire amount of tuition and fees for the entirety of a program or course shall be as follows:

a. A student who enters the school but withdraws or is terminated during the first quartile (25%) of the program shall be entitled to a minimum refund amounting to 75% of the cost of the program.

b. A student who withdraws or is terminated during the second quartile (more than 25% but less than 50%) of the program shall be entitled to a minimum refund amounting to 50% of the cost of the program.

c. A student who withdraws or is terminated during the third quartile (more than 50% but less than 75%) of the program shall be entitled to a minimum refund amounting to 25% of the cost of the program.

d. A student who withdraws after completing more than three quartiles (75%) of the program shall not be entitled to a refund.

10. The minimum refund policy for a school that offers its programs completely via telecommunications or distance education shall be as follows:

a. For a student canceling after the 5th calendar day following the date of enrollment but prior to receipt by the school of the first completed lesson assignment, all moneys paid to the school shall be refunded, except the nonrefundable fee described in subdivision 2 of this subsection.

b. If a student enrolls and withdraws or is discontinued after

submission of the first completed lesson assignment, but prior to the completion of the program, minimum refunds shall be calculated as follows:

(1) A student who starts the program but withdraws up to and including completion of the first quartile (25%) of the program is entitled to receive as a refund a minimum of 75% of the stated cost of the course or program for the period.

(2) A student who starts the program but withdraws after completing up to the second quartile (more than 25%, but less than 50%) of the program is entitled to receive as a refund a minimum of 50% of the stated cost of the course or program for the period.

(3) A student who starts the program but withdraws after completing up to the third quartile (more than 50%, but less than 75%) of the program is entitled to receive as a refund a minimum of 25% of the stated cost of the course or program for the period.

(4) A student who withdraws after completing the third quartile (75%) or more of the program is not entitled to a refund.

c. The percentage of the program completed shall be determined by comparing the number of completed lesson assignments received by the school to the total number of lesson assignments required in the program.

d. If the school uses standard enrollment terms, such as semesters or quarters, to measure student progress, the school may use the appropriate refund policy as provided in subdivision 8 or 9 of this subsection.

11. Fractions of credit for courses completed shall be determined by dividing the total amount of time required to complete the period or the program by the amount of time the student actually spent in the program or the period, or by the number of correspondence course lessons completed, as described in the contract.

12. Expenses incurred by students for instructional supplies, tools, activities, library, rentals, service charges, deposits, and all other charges are not required to be considered in tuition refund computations when these expenses have been represented separately to the student in the enrollment contract and catalogue, or other documents, prior to enrollment in the course or program. The school shall adopt and adhere to reasonable policies regarding the handling of these expenses when calculating the refund.

13. For programs longer than one year, the policy outlined in subdivisions 9, 10, and 11 of this subsection shall apply separately for each academic year or portion thereof.

14. Schools shall comply with the cancellation and settlement policy outlined in this section, including promissory notes or contracts for

tuition or fees sold to third parties.

O. The school shall keep relevant academic transcripts for all teaching faculty to document that each has the appropriate educational credentials in the area of teaching responsibility. In the event teaching qualification is based on professional competencies and/or scholarly achievements, relevant documentation to support reported experience must be retained by the school.

P. If an internship, externship, or production work is necessary as a part of the school's education program, the school must adhere to the following:

1. When programs contain internships or externships, in any form, the professional training must:

a. Be identified as part of the approved curriculum of the school and be specified in terms of expected learning outcomes in a written training plan.

b. Be monitored by an instructor of record during the entire period of the internship.

c. Not be used to provide labor or as replacement for a permanent employee.

d. Be performed according to a specified schedule of time required for training including an expected completion date.

e. If the internship, externship, or production work is part of the course requirement, the student may not be considered as a graduate or issued a graduation credential until the internship, externship, or production work has been satisfactorily completed.

2. When receiving compensation for services provided by students as part of their education program, the school must clearly inform customers that services are performed by students by (i) posting a notice in plain view of the public or (ii) requiring students to wear nametags that identify them as students while performing services related to their training.

1. Addition of new programs or modifications to existing program. Program names must adhere to the CIP taxonomy maintained by the National Center for Education Statistics.

The equipment and facilities must be suitable to meet the training specified in the course content for the maximum student enrollment. Where applicable, all equipment, premises, and facilities must be maintained in conformity with state and federal rules and regulations.

C. Equipment shall be maintained in good working order.

Part VI

Certification Requirements

8VAC40-31-170. Initial certification, recertification, and change of ownership.

A. An institution shall not use the term "college" or "university" or words of similar meaning until it has received acknowledgment from council staff that the name is not in violation of 8VAC40-31-20.

1. A school may not use the term "college" in its name unless the school has been approved or seeks to offer programs at the associate degree or above.
2. A school may not use the term "university" in its name unless the school has been approved or seeks to offer programs at the master's degree or above.
3. The council may refuse to approve a name change when, in the council's judgment, the proposed name is likely to mislead the public about the school's identity or the nature of its programs.
4. A school seeking certification must notify council staff of its proposed name prior to filing such name with the State Corporation Commission.
5. Prior to receiving certification to operate, a copy of the school's

certificate from the Virginia State Corporation Commission authorizing it to transact business in the Commonwealth under the acknowledged name must be submitted to council staff.

B. A school shall not operate in the Commonwealth of Virginia without first receiving certification to operate from the council. Certified schools shall not enter into any agreement to deliver or develop courses or programs of study in Virginia with noncertified postsecondary schools.

C. An out-of-state postsecondary school seeking certification to operate in the Commonwealth of Virginia must secure written documentation from the higher education coordinating and/or approving agency in the state or country in which the school is formed, chartered, established, or incorporated indicating that the school is operating in good standing. If the school formerly operated in another state or country but is not operating there at the time of its application to operate in Virginia, the school must secure from the higher education coordinating and/or approving agency documentation that it closed in good standing and would be allowed to re-establish a postsecondary school in that state or country. These written documentations must be provided to council staff.

D. A school submitting its initial application for certification will have 180 days to complete the application process, after which time its application will be withdrawn by the council and it will receive a refund of the application fee minus the nonrefundable handling charge of \$300.

E. All certifications shall expire on the certificate expiration date. Applications for recertification must be submitted to council staff at least 60 days prior to the expiration date of the current certification. If a school allows its certification to operate to expire, the school shall not be eligible for recertification and must submit an application for initial certification including the appropriate application fee.

F. Certification is not transferable. In the event of a change of ownership of a certified school, the new owner or governing body must secure certification. The school must apply for certification within 45 business days following a change of ownership. During the 45-day period and the time required for the council staff to process the new application, up to and not exceeding 90 days, the old certification shall remain in effect provided that no changes have been made in the academic programs, policies, or financial considerations such that the change would constitute or create a violation of council's policies.

1. The following constitutes a change of ownership:
 - a. Purchase of the entire school or assets of school.
 - b. Transfer, sale, or purchase of stock, membership, or other direct or beneficial ownership interest by a single entity or by multiple entities in a single transaction or a series of transactions that results in at least 51% change in control.
2. The acquisition of an interest in a certified school by bequest, descent, survivorship, or operation of law does not constitute a change

of ownership. However, the person acquiring the ownership interest shall send written notice to the council of such acquisition within 30 days of its closing or validation. The council may determine on a case-by-case basis that other similar transfers may not constitute a change of ownership.

3. New school owners are responsible for maintaining and servicing all student records that were the responsibility of the prior owners of the school.

4. New school owners are responsible for resolving all student complaints that were the responsibility of the prior owners of the school or that were filed with the council prior to the final approval of the change of ownership.

5. New school owners are responsible for honoring the terms of current student enrollment agreements, institutional scholarships, or institutional grants for all students who were enrolled or taking classes at the time the change of ownership took place.

G. Council staff will process all applications, conduct the site visit, and provide notice to applicants within 45 business days of receipt of a completed application package. Approval of the certificate to operate by the council is subject to scheduling of council meetings and other factors affecting the agendas of council meetings.

 - c. Unaccredited in-state institutions that offer courses for degree credit and existing unaccredited out-of-state career-technical schools must submit a plan of action for securing accreditation from an organization recognized by the USDOE, including the name of the accrediting organization and timeframe. In order to remain eligible for certification, the postsecondary school must secure, at a minimum, candidacy status or equivalent within three years of its initial date of certification, and initial accreditation no later than six years after initial certification. Changes to the plan of action timeframe for accreditation will be granted only at the discretion of the council.
 - d. Unaccredited in-state institutions that undergo a change of ownership during the time period covered by the plan of action for securing accreditation, and that wish to remain eligible for

certification under new ownership, will remain on the plan of action timeframe established by the former ownership. This plan of action timeframe begins from the initial date of certification under the former ownership and encompasses the accreditation dates established in the plan of action put into place by the former ownership. No additional time will be granted for obtaining the minimum level of accreditation required of the plan of action due to the change in ownership. Changes to the plan of action timeframe for accreditation will not be granted except at the discretion of the council.

No institution found to be operating illegally in another state shall be certified to operate in Virginia. An institution that has lost its legal authority to operate in another state shall be required to submit written documentation that describes the circumstances under which its authority was lost and to submit written documentation of the steps taken to remedy these circumstances before making application for certification in Virginia.
9. A complete listing of all sites, along with their addresses, phone numbers (if applicable), and programs offered at the site.
10. For new postsecondary school applicants, a signed and notarized statement provided by the president or CEO, that attests to any previous involvement in the operation of a postsecondary school or any previous involvement by any administrator, owner, controlling

The school must submit an application for certification to operate that shall contain all of the requirements outlined in 8VAC40-31-160 B and C.

D. When a branch campus of a school is under different ownership or different school name than the main campus of the school, the branch campus must submit an application for certification to operate and must pay a separate certification fee than the main campus of the school.

E. Any proprietary postsecondary school must provide evidence of a valid business license from the locality within which it seeks to operate. If and when council receives confirmation that a school is operating without the required business license, council shall take action as required by § 23-276.15 of the

Code of Virginia.

F. All postsecondary schools seeking certification to operate in Virginia must undergo and successfully complete a site visit prior to the issuance of the certificate to operate.

8VAC40-31-190. Withdrawal of application by a postsecondary school.

A. A school that has submitted an application to the council may withdraw that application without prejudice at any time.

B. Withdrawal of an application by a school shall result in revocation by the council of all authorizations associated with that application that previously had been granted to the school.

C. A school that has withdrawn an application may submit, at any time and without prejudice, a new application to the council in accordance with Part V (8VAC40-31-130 et seq.) of this chapter.

D. A school that withdraws an application prior to receiving notification of certification will receive a refund of the filing fee minus an administrative processing fee.

8VAC40-31-193. Loss of accreditation.

A. In the event of the loss of accreditation of a certified school, the council will move to revoke the school's certificate to operate.

B. The council may waive the revocation provided the school does the following within 30 days of the loss of accreditation:

1. Provide council staff with a copy of the accreditor's letter and full report explaining the reason for the revocation;
2. Provide council staff with a written explanation why the loss of accreditation should not impact the school's certification to operate in Virginia and any supporting documentation; and
3. Submit to an audit to determine compliance with the council's regulations.

C. Council staff shall consider the accreditor's report, the school explanation for the loss of accreditation, and the findings of the audit to prepare a report for the council that recommends:

1. Initiate revocation of the school's certificate to operate; or
2. Grant conditional certification, during which time the school may not enroll new students. The terms of the conditional certification will be fixed at staff discretion based upon their findings.

D. The school must maintain a surety instrument during the totality of the conditional certification period.

E. The school shall provide written notification to all enrolled students of its

loss of accreditation from its accrediting body and of its provisional certification status with the council.

F. The school shall be eligible to apply for full certification upon meeting the following conditions:

Part VII

Procedures for Conducting Fact-Finding Conferences and Hearings

8VAC40-31-220. Procedural rules for the conduct of fact-finding conferences and hearings (§§ 2.2-4019 through 2.2-4030 of the Code of Virginia).

A. Fact-finding conference; notification, appearance, conduct.

1. Unless emergency circumstances exist that require immediate action, no order shall be issued to refuse to grant a certification, to revoke or suspend a prior certification, or to add conditions to any certification except upon written notice stating the basis for such action and the right of the affected parties to appear at an informal fact-finding conference.
2. If the council determines that grounds exist to refuse to grant a certification, to revoke or suspend a prior certification, or to add conditions to any certification, the council shall provide written notice of its intention to take the proposed action to the interested parties at the address of record. The notice shall be sent by certified mail, return receipt requested, and shall state the reasons for the proposed action.
3. Notification shall provide information about informal fact-finding conference procedures, including the rights of interested parties to (i) reasonable notice thereof; (ii) appear in person or by counsel or other qualified representative before the agency or its subordinates, or before a hearing officer for the informal presentation of factual data, argument, or proof; (iii) have notification of any contrary fact bases or information in the possession of the agency that can be relied upon in making an adverse decision; (iv) receive a prompt decision; and (v) be informed briefly and generally, in writing, of the factual or procedural basis for an adverse decision. If no withdrawal occurs, an informal fact-finding conference shall be scheduled at the earliest mutually agreeable date, but no later than 60 days from the date of the notification. A party wishing to waive its right to a conference and proceed directly to formal hearing shall notify the council at least 14 days before the scheduled conference.

4. If after consideration of information presented during an informal fact-finding conference, the council determines that a basis for action still exists, the interested parties shall be notified in writing within 60 days of the informal fact-finding conference, via certified mail, of the decision, the factual or procedural basis for the decision, and the right to appeal the decision by requesting a formal hearing. Parties to the conference may agree to extend the report deadline if more time is needed to consider relevant information.

5. Parties may enter into a consent agreement to settle the issues at any time prior to a formal hearing. If one party desires to enter into a consent agreement prior to the informal fact-finding conference or the formal hearing, as the case may be, then it shall give reasonable notice to the other party prior to the conference or hearing. A party's delay may result in denial of the proposed consent agreement.

6. Following execution of the consent agreement, council staff may make frequent attempts to determine whether the terms of the consent agreement are being implemented and whether its intended results are being achieved.

B. Hearing; notification, appearance, conduct.

1. If, after the council renders a decision following an informal fact-finding conference, an interested party desires to appeal the decision by requesting a formal hearing, it shall notify the council within 14 days of the date of receipt of the certified letter.

2. Parties to a formal hearing shall be given reasonable notice of the (i) time, place, and nature thereof; (ii) basic law under which the council contemplates its possible exercise of authority; and (iii) matters of fact and law asserted or questioned by the council.

3. If an interested party or representative fails to appear at a hearing, the hearing officer may proceed in the party's/representative's absence and make a recommendation.

4. The formal hearing shall be presided over by a hearing officer selected from a list prepared by the Executive Secretary of the Supreme Court of Virginia and maintained in the office of the Executive Secretary of the Supreme Court.

5. In the formal hearing, the parties shall be entitled to be accompanied and represented by counsel, to submit oral and documentary evidence and rebuttal proofs, and to conduct cross-examination. The presiding officer at the formal hearing may (i) administer oaths and affirmations; (ii) receive probative evidence, exclude irrelevant, immaterial, insubstantial, privileged or repetitive proofs, rebuttal, or cross-examination, rule upon offers of proof, and oversee a verbatim recording of the evidence; (iii) hold conferences for the settlement or simplification of issues by consent; (iv) dispose of procedural requests; and (v) regulate and expedite the course of the hearing.

C. Hearing location. Hearings before a hearing officer shall be held, insofar as practical, in the county or city in which the school is located. Hearing officers may conduct hearings at locations convenient to the greatest number of persons or by telephone conference, videoconference or similar technology in order to expedite the hearing process.

D. Hearing decisions.

1. Recommendations of the hearing officer shall be a part of the record and shall include a written statement of the hearing officer's findings of fact and recommendations as well as the reasons or basis for the recommendations. Recommendations shall be based upon all the material issues of fact, law or discretion presented on the record.

2. Prior to the recommendation of the hearing officer, the parties concerned shall be given opportunity, on request, to submit in writing for the record (i) proposed findings and conclusions and (ii) a statement of reasons therefor. On request, opportunity shall be afforded for oral arguments to the hearing officer or to the council as it may permit in its discretion. The council shall receive and act on exceptions to the recommendation of the hearing officer prior to rendering a decision.

3. The council shall review the recommendation of the hearing officer and render a decision on the recommendation within 30 days of receipt. The decision shall be served on the parties concerned; become a part of the record; and briefly state the findings, conclusions, reasons, or basis therefor upon the evidence presented by the record and relevant to the basic law under which the council is operating, together with the appropriate order, certificate to operate, or denial thereof.

E. Agency representation. The executive director's designee may represent the council in an informal conference or at a hearing.

B. Each degree, diploma, certificate, program, or course of study offered or conferred in violation of this chapter or each violation of the provisions of § 23-276.12 of the Code of Virginia shall constitute a separate offense.

C. The council shall take any action required by the Code of Virginia to deter illegal or improper acts that may violate the requirement for school certification. Pursuant to § 23-276.15 of the Code of Virginia, upon confirmation of any notification or discovery of any postsecondary school operating without its certification or approval, the council shall notify, in writing, the relevant local commissioner of the revenue or other official serving such equivalent functions of the postsecondary school's violation of such certification or approval requirements, and shall recommend revocation of the school's business license.

8VAC40-31-240. Civil enforcement.

The laws of Virginia shall govern any agreement, contract, or instrument of indebtedness executed between a postsecondary school and any person enrolling in any course or program offered or to be offered by a postsecondary school in Virginia and also between that postsecondary school and any person employed or offered employment by that postsecondary school in Virginia.

The council, on its own motion, may authorize a school whose certification is revoked in accordance with 8VAC40-31-200 to offer the coursework necessary for all currently enrolled students to complete their programs and to award degrees, certificates or diplomas to those students, provided that the school:

1. Offers coursework only to those students who were enrolled at the time the school's certification was revoked; and
2. Offers all necessary coursework on a schedule that permits all currently enrolled students to complete their programs in a reasonable period of time.

C. When a school decides to voluntarily cease operations, it must immediately inform the council of the following:

1. The planned date for the termination of operations.
2. The planned date and location for the transfer of student records.

8VAC40-31-300. (Repealed.)**8VAC40-31-310. Student Tuition Guaranty Fund.**

A. The executive director shall appoint in writing a Director of the Student Tuition Guaranty Fund.

C. Schools seeking initial certification after July 1, 2004, shall not be required to pay into the fund. All other schools that were certified to operate prior to July 1, 2004, under the provisions of § 22.1-321 of the Code of Virginia, shall be subject to the provisions valid at the time of its recertification.

D. A claim shall be made against the fund only if it arises out of the cessation of operation by a school at which the student was enrolled or was on an approved leave of absence at the time of the closure and the closure prevented the student from completing the program of study for which he enrolled on or after July 1, 2004. Claims shall be filed with the director of the fund on forms prescribed by the council within three years after cessation of operation by the school. Claims filed after that period shall not be considered. Claims shall be limited to the unearned tuition paid to the closing institution for which the student received no educational instruction.

E. The director will attempt to secure a teach-out agreement as outlined in 8VAC40-31-280 C 4 prior to issuing a refund of the unearned tuition to a student unable to complete a program of study due to a school closure. If a teach-out agreement cannot be secured, the director shall proceed with a claim against the closed school's surety instrument.

F. The executive director shall administer the fund upon the following basis:

1. The assets of the fund may not be expended for any purpose other than to pay bona fide claims made against the fund;
2. All payments into the fund shall be maintained by the state comptroller who shall deposit and invest the assets of the fund in any savings accounts or funds that are federally or state insured, and all interests or other return on the fund shall be credited to the fund;
3. Payment into the fund shall be made in the form of a company or cashier's check or money order made payable to the "Student Tuition Guaranty Fund."

G. When a claim is allowed by the director, the executive director, as agent for the fund, shall be subrogated in writing to the amount of the claim and the executive director shall thereby be authorized to take all steps necessary to perfect the subrogation rights before payment of the claim. Refunds will be made, first, to the lender issuing student financial aid or the guarantor of the loan, and second, to the student. In the event no financial aid was involved, then refunds will be made to the student.
